(Mens, Ladies, Seniors,  
Under 23s, Juniors)

These players will be selected from signed players playing in a current affiliated league to that County Association, or have been legally transferred from another County Association and have been a registered player in an affiliated league in that County.
2. Any player intending to take part in County team trials must adhere to these criteria also. These players must play in 50% of that Affiliated leagues current fixture. Players are allowed to trial for an Inter-County squad before they are obliged to be a member of an affiliated league.  
(Junior only applicable where a Junior league exists).  
Lady players exempt from the 50% rule
3. Leagues, once affiliated to a County Association, cannot join another County Association in the same year.
4. A person is registered with a County for the season once the completed registration form, photo and any registration fee have been accepted by the County and the details placed on the EPA database.
5. Once registered, no person shall be allowed to transfer to another County during that season unless exceptional circumstances apply. Applications for transfer must be made to the National Committee of the EPA who will give a ruling.
6. Each Region will supply the EPA nominated official with their Inter-County fixtures (after their AGM). If a County has an A and B Junior Team, then the A v B matches should be played prior to the last Regional fixture of that season.
